

Adverse Weather Shelter Locations

Adverse weather shelters will be located at each communities Nutrition sites. The Linn County Emergency Management Department and each community's fire department will start opening the senior center during events such as sustained power outages or prolonged heat advisories. Please **DO NOT** assume a site is open, call the local senior center at the numbers below before you attempt to travel there. For questions contact (913) 352-8125 or (913) 795-2666. Individual communities may open additional adverse weather stations, contact city offices for more information.
